Topic Lesson 3 - Jigsaw

Jigsaw lesson
Questions to consider:
What would happen if we didn't change and grow?
How long does it take to grow up?
Do we all grow at the same rate?

•Share some old family photos. See if your child can identify who they are.
•
•Talk about all the ways you have changed since they were babies. This could be physically or in terms of ability – maybe something new you have learned to do that you couldn't do as a baby.

Activity:
•If you have been able to find and use on of your baby photos, stick this into your book and around the outside draw or write some of the ways you have changed since you were a baby.
•How do you feel about how much you have changed? Consider all the things you can now do!
