RE: World Space Week 2021

Dear Parents and Carers,

This week in school we are celebrating World Science Week. As part of the event we are inviting all the children to enter our Space themed competition.

Your challenge is to create an **eggstronaut!**

Design an egg ready to go into space. You may also want to create a rocket, space lander or space background to go with your eggstronaut. The children will then vote for their favourite egg in each key stage.

Please make sure all entries are in for Wednesday 13th October. The winners to be announced in Celebration assembly on Friday 15th October.

We look forward to seeing your entries.

If you have any questions please don't hesitate to come and see me or your child's class teacher who will pass any questions onto myself.

Kind regards,

Mr Moore  
Science Lead  
Brooke Primary Academy
