

Brooke Primary Academy

Weekly News

This week has been all about **Mutual Respect**. This is not only one of the 5 Fundamental British Values, but also one of our School Values. We started the week with an assembly to discuss what we mean by the word Respect. The children were able to confidently explain what it means to them and gave some excellent examples of how they show Mutual Respect around school and also within the community. Whenever we have visitors in school or go on a school visit our children are always praised on how respectful they are. It is also fantastic to see how this follows through into out of school clubs and competitions we attend.

At Brooke Primary Academy, we ensure that our children receive the highest quality of education possible. One of the ways this is done is ensuring that our teachers receive ongoing high quality continuous professional development. This week, David Reedy, a Literacy Consultant, and Dr Wayne Tennent, a Senior Lecturer in Primary English Education, delivered some reading-based training to our teachers and leaders. As you can see, even the children could not resist getting involved!

Cannon Hall Farm

Our Year 1 children enjoyed a trip to Cannon Hall Farm this week. The children loved seeing all the animals and they had the opportunity to consolidate all of their science learning from this half term. They saw mammals, reptiles, amphibians, fish and even some birds! The children behaved so well and the tour guides were very complimentary of the children's behaviour and engagement.

Visiting the Dentist

This week, some of our Year 6's have taken part in an NHS National Dental Survey and have had their teeth checked in a makeshift dentist at school. The dentists that visited the school left the following advice and information for our all of our parents:-

Please remember to take your child to the dentist regularly. NHS dental care is free for children. All children aged 3-16 can have fluoride varnish painted on their teeth by the dentist at least twice a year, to help strengthen their teeth and prevent tooth decay. If you do not have a family dentist, you can find your nearest NHS dentists at:

<https://www.nhs.uk/Service-Search/Dentists/LocationSearch/3>

This half term, we have lots of exciting Art and Design and Design and Technology lessons taking place.

Art and Design

Year 2, Year 4, Year 5 and Year 6 have all completed their Art and Design units. Year 2 created still life drawings of flower arrangements, inspired by the great Van Gogh. Year 4 painted a David Hockney inspired landscape using their colour mixing knowledge. Year 5 perfected their mono and relief printing skills with a Pop Art print and Year 6 sculptured armatures focusing on proportion and size. Mrs Roberts (Art and Design Subject Lead) has been blown away with the children's beautiful pieces.

Design and Technology

Year 1 and 3 have completed their Design and Technology units. Year 1 have designed, made and evaluated a scene with a moving animal. The animal moves with a slider or lever. The children all worked hard and persevered to make the slider or lever for their animal. Year 3 have perfected their sewing skills using the blanket and running stitch to create a wallet for themselves, a friend or a family member to store coins and cards in. They included press studs to ensure that the wallet was secure. Mrs Brown (Design and Technology Subject Lead) has enjoyed talking to the children about their end products. A **BIG** thank you to all the parent volunteers who attended the Y3 DT sessions to support with completing their final designs.

Key Stage Two Playtime Snack

A polite reminder that children are able to bring a healthy snack to school to enjoy during breaktime.

Home School Partnership

Pupil	For
George L	Man of the Match at football
Ruben D	Being made a Sixer at Cubs
Zara B	Dancing at 3 shows at Cast for Cre8ive Dance Academy
