7th October 2026

Dear Parents and Carers,

As part of our Geography curriculum, Year 4 will be taking part in a local walk to Thorne Park on Monday 19th October. This visit will provide the children with an opportunity to explore and learn about our local environment through first-hand experiences.

During the visit, the children will be investigating the question: "How is our local woodland used?" and consider "Why is the woodland important to people?" They will observe the woodland and discuss the different ways it is used by members of the community.

This fieldwork will support the children's understanding of local geography and help them develop key observational and enquiry skills. Children should come to school wearing suitable footwear and weather-appropriate clothing on the day.

If you do not wish for your child to take part in this local walk, please inform the school office as soon as possible.

If you have any questions regarding the visit, please do not hesitate to speak to your child's class teacher.

Thank you for your continued support.

Yours sincerely,

Mrs Roberts and Miss Booth
